FOR IMMEDIATE RELEASE

New Company Announcement: Projector Lamp Services, LLC

Bohemia, NY – May 1, 2007

eele ReLamping, a division of eele Laboratories, LLC since 2005, has strengthened and developed into an independent corporation. Effective May 1, 2007, eele ReLamping will be Projector Lamp Services, LLC (PLS.)

The new name and company mission will better portray the scope of PLS' service offering. Projector Lamp Services is committed to pro-actively improving all facets of the business, including new updated quality and manufacturing procedures as well as a larger sales and customer service force. PLS will be able to service a larger variety of projector lamps than ever before with a reduced turn-around time!

In addition to continuous internal company improvements, PLS is also investing time and resources to increase the number of qualified component vendors. This qualification will ensure fewer supply chain interruptions and improved overall quality of product.

For more information about PLS services or to become a qualified vendor, please contact Gina Sansivero at +1 (631) 244-0051 ext. 104 or gms@relampit.com. Visit our website at www.relampit.com.

Projector Lamp Services, LLC, established in May, 2007, provides re-lamping services for the projection display industry. This industry has seen decreased manufacturing costs in all but one area, the lamp. Therefore, PLS has addressed this concern by developing a process that allows front and rear projector light sources to be remanufactured at a reduced cost without compromising lifetime or performance. PLS also offers a no charge projector lamp recycling service. The PLS Projector Lamp Recycling Center, focuses on reducing waste and environmental mercury contamination from the lamps found in front and rear projectors. We are dedicated to encouraging A/V users to "think green" when it comes to replacement projector lamps.
