FOR IMMEDIATE RELEASE

PLS Supplies Projection Industry with Osram Lamps
Bohemia, NY – June 11, 2008

Projector Lamp Services, LLC (PLS) continuously strives for improvements in relamping quality and customer service. The newest product addition strengthens this mission. PLS now supplies Osram P-VIP lamps to the projection industry as well as lamp distributors.

PLS understands that Osram manufactures one of the best projection lamps available, and uses them frequently when relamping spent projector lamps. Therefore, it seemed a logical progression to begin offering Osram bare lamps. Used in many different RPTV and front projector applications, Osram lamps promise uncompromised performance. PLS' extensive experience with thousands of different front projector and RPTV lamps has produced an extraordinary and reliable reference list. This enables PLS to sell bare lamps for many FP and RPTV models. More applications are being added daily.

Additionally, selling bare lamps supports PLS' focus on environmental responsibility. Bare lamps allow users to re-use original lamp housings and replace the spent lamp with a new one. Thereby, reducing waste and energy consumed when manufacturing new aftermarket housings.

PLS is currently looking for regional dealers and distributors for Osram bare lamps as well as relamping services.

Projector Lamp Services, LLC, provides re-lamping services for the projection display industry. PLS has developed a process that allows front and rear projector light sources to be remanufactured at a reduced cost without compromising lifetime or performance. PLS also offers a no charge projector lamp recycling service. The PLS Projector Lamp Recycling Center, focuses on reducing waste and environmental mercury contamination from the lamps found in front and rear projectors. We are dedicated to encouraging AV users to "think green" when it comes to replacement projector lamps. Our newest addition, Osram bare lamps, helps PLS to provide the most complete replacement projector lamp offering in the industry.

For more information about PLS services or Osram bare lamps, call Gina Sansivero, Sales & Marketing Manager, at +1 (631) 244-0051 ext 104 or visit www.relampit.com.
