FOR IMMEDIATE RELEASE

Projector Lamp Services: The Revamped Relampit.com
Bohemia, NY – February 5, 2008

Projector Lamp Services, LLC (PLS), has experienced significant growth since its inception. With growth comes the time for change and innovation. With that said, PLS is pleased to announce the new and improved website for PLS, www.relampit.com. Relampit.com is now available with the latest performance features to meet the needs of all of our new and existing customers including distributors, installation service and rental companies, large corporations, educational and government facilities, houses of worship, museums and individual consumers.

The PLS website, www.relampit.com has been under construction for quite some time, but as promised we now have a new look with several new features to accommodate clientele. The revamped relampit.com is more appealing and provides easier navigation making relampit.com incredibly user-friendly. Visitors will receive the information that they seek out faster and more efficiently. The new Relampit.com will also include enhanced ordering features that ultimately will improve productivity for both PLS and site users. Relampit.com is now more comprehensive and practical for everyone.

The purpose of the new look is to reflect the progress of PLS, as well as the commitment that we have to our clientele in providing them with an accommodating website that is more dependable and consistent with our services. Please visit our website www.relampit.com to see our progress and improvements and how our transformation will better serve you. We invite you to share your thoughts regarding our new look, and send ideas about what we are missing that you would still like to see. Send feedback to mktg@relampit.com

Projector Lamp Services, LLC, provides re-lamping services for the projection display industry. PLS has developed a process that allows front and rear projector light sources to be remanufactured at a reduced cost without compromising lifetime or performance. PLS also offers a no charge projector lamp recycling service. The PLS Projector Lamp Recycling Center, focuses on reducing waste and environmental mercury contamination from the lamps found in front and rear projectors. We are dedicated to encouraging AV users to “think green” when it comes to replacement projector lamps.

For more information about PLS services call or email Gina Sansivero, Sales & Marketing Manager, at +1 (631) 244-0051 ext. 104 or gms@relampit.com or visit www.relampit.com.
